

# Construction du nombre

## association quantité-symbole

### début de la pratique:

- Faire associer, sur la même carte avec modèles, les quantités et les symboles.
- Puis lui demander « combien il y en a » pour les quantités et « qu'est-ce que c'est? » pour le symbole.
- Et dire « c'est pareil » ou « et là, c'est écrit 1 ».

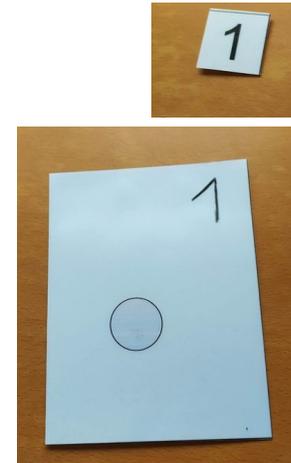

# Construction du nombre

## association quantité-symbole

### association du symbole à la quantité 1

- 1- faire mettre le symbole 1 **avec modèle**, sans choix.
- 2-Faire mettre le symbole 1 **sans modèle**, sans choix.
- 3-Faire mettre le symbole 1 sans modèle, **avec choix**.

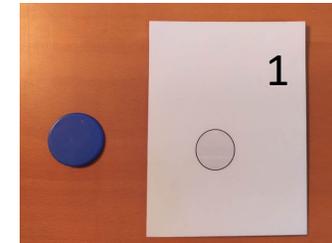

# Construction du nombre

## association quantité-symbole

### association de la quantité au symbole 1

- 1-Faire mettre la quantité 1 **avec modèle** sans choix
- 2-Faire mettre la quantité 1 **sans modèle** sans choix
- 3-Faire mettre la quantité 1 sans modèle **avec choix.**

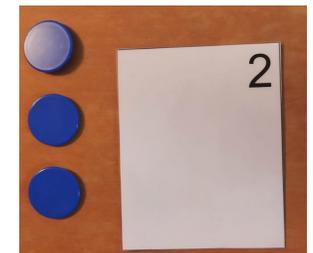

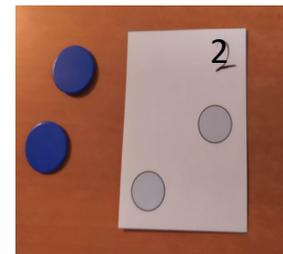

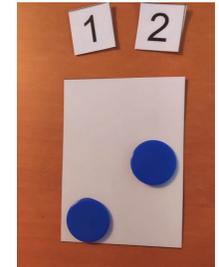

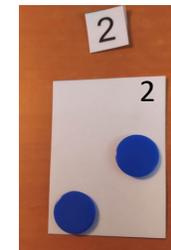

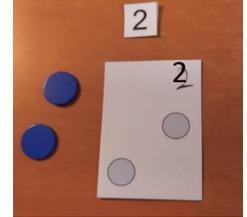

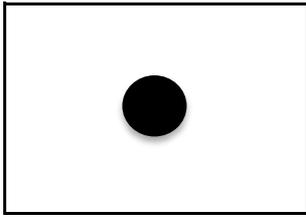

# Construction du nombre

## association quantité-symbole

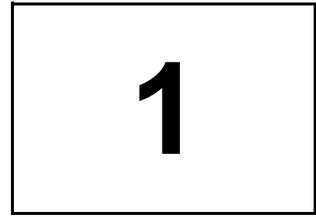

pratique: association symbole/quantité 2.

- Mettre sur le même support la quantité et le symbole
- Associer le symbole 2 à la quantité 2
  - avec modèle sans choix
  - puis sans modèle sans choix
  - enfin sans modèle avec choix
- Associer la quantité 2 au symbole 2,
  - avec modèle sans choix,
  - puis sans modèle sans choix,
  - enfin sans modèle avec choix.
